

PETRO-CANADA

WINNIPEG, MANITOBA

Ernst Hansch Construction Ltd. works extensively with Petro-Canada as one of their preferred contractors in Manitoba and Saskatchewan. We provide a high standard of excellence with respect to Petro-Canada's strict Construction Specifications and comprehensive Safety Programs. We have completed over 40 projects for Petro-Canada including constructing a prototype gas bar in Manitoba and Saskatchewan. Other projects include new gas bars, convenience stores and car washes; tank removals; contaminated soil removal and remediation; cardlock installations; bulk plant installations; and warehouse and office construction and renovations.
