

1130 Wall Street New Building

Ernst Hansch Construction Ltd. has provided construction services for the original owner, KT Industries Ltd., since 1981.

This project included the design and construction of a new 15,400 sq. ft. structural steel frame office and warehouse facility located at 1130 Wall Street, Winnipeg.

Other works performed include several office renovations and additions as well as the design and construction of an explosion proof room to house chemicals for the manufacturing of plastic laminate and labeling products with specialized printing, laminating and converting equipment.
