

Assiniboine River Bridge Strengthening

Ernst Hansch Construction Ltd. was awarded the Manitoba Infrastructure contract for the Assiniboine River Bridge Pier 4 Substructure Strengthening, Bridge Site 2988-00 on PTH No.5 in the Rural Municipality of Shell River, Manitoba.

The work included installation of new galvanized steel to provide a long-lasting durable bridge structure. Quality and safety were top priorities on this project as the work was completed during winter on the frozen river.
