

Husky Car & Truck Stop, Headingley

Ernst Hansch Construction was awarded the contract to complete the renovation and addition to Husky Oil Ltd.'s existing restaurant and retail store in Headingley, Manitoba.

This project included retrofitting the existing service bay into the kitchen area, shower facilities and public

washrooms, complete with an office mezzanine above. Site development including gravel and asphalt parking areas. New pre-finished metal cladding on the restaurant and existing gas bar canopies were part of this project as well.
